

Timothy W. Finchem
Commissioner

February 21, 2008

To Whom it May Concern:

I am pleased to be able to recommend D. A. Weibring, a professional golfer with a combined nine PGA TOUR and Champions Tour victories to his credit, who has displayed great skill and passion as a golf course architect.

D. A. Weibring, owner of Golf Resources Group, Inc, has been in business for more than 20 years and has been involved in more than 80 projects worldwide. The PGA TOUR has been fortunate to have worked closely with D. A. and his team through our Tournament Players Club network. Most notably, his company designed TPC Deere Run, which has been the host course for the John Deere Classic since 2000. PGA TOUR players have consistently praised this terrific layout.

Most recently, D.A. has been involved in completing an upgrade and renovation of TPC Las Colinas in Dallas, the site of the EDS Byron Nelson Championship. His imagination and experience in knowing what features will be well received by the players have been an enormous asset in drastically improving the appeal of this golf course.

In addition to the two decades of experience D. A. Weibring has playing the game and designing golf courses, his enthusiasm and level of personal involvement in his work make him one of the most respected architects in the business today. He spends a considerable amount of time collaborating with all the constituents involved to ensure they share in his vision for the project and the end result is a quality product. D. A.'s business acumen and strategy in sharing his passion with the media, partners and local community are a recipe for success and go a long way in marketing the project.

I wholeheartedly recommend D. A. Weibring as one of the best in the business. Please call me if you would like to discuss further. I can be reached at 904-273-3200.

Sincerely,

A handwritten signature in black ink that reads "Timothy W. Finchem".
